If your reported Ending Count does not match these numbers, please go back through your data and be sure you didn't miss something (i.e., animals in foster, adoptions, transfers, etc.). If all animals have been accounted for and the reported Ending Count is different, please indicate in the comment section.

COMMENTS: 2 cats who died in shelter care- 1 had an unknown bleeding disorder and bled out during spay, one was a sanctuary cat who died in it's sleep at age 19.
